

Team Building Training Course – Leadership Skills in Practice

- ❖ Use Leadership Skills to Manage and Communicate with your Team more effectively
- ❖ Having control over your business and demonstrating good leadership skills
- ❖ Take ownership of their business
- ❖ Being proactive rather than reactive to market needs

Who would benefit:

- ❖ Managers, assistant managers and senior supervisors

Course content

Learn how to:

- ❖ Understand the attributes of effective leaders
- ❖ Identify key management styles, including themselves
- ❖ Communicate effectively with your team
- ❖ Motivate your team
- ❖ Understand Strategic Planning and Change Management
- ❖ Creative Problem Solving

Workshop Overview

- ❖ This course looks at the difference between leading and managing and how to develop and utilise both of these important skills.
- ❖ By the end of the course the delegates will be able to lead and manage their teams to achieve corporate and departmental goals, understand and adapt their personal management style, effectively coach and develop individuals, drive and motivate their teams successfully.

Duration:

- ❖ This bespoke workshop is run in-house over 1 day, subject to the number of delegates and depth of course content agreed.
